Information is true to the best of my knowledge

VIGNESH S

## SKILLS

Proficient in HTML, CSS, JavaScript, and ReactJS

Strong understanding of responsive web design principles

Experience with version control systems (e.g., Git)

Familiarity with front-end frameworks (e.g., Bootstrap)

Solid understanding of cross-browser compatibility and accessibility standards

Excellent problem-solving and debugging skills

Strong attention to detail and ability to meet deadlines

## SOFT SKILLS AND PERSONAL ATTRIBUTES

Problem-solving:

- Demonstrated ability to identify and troubleshoot issues in front-end development, resulting in efficient problem resolution and improved user experience.
- Proven track record of applying analytical thinking to solve complex coding challenges and optimize website performance.

Time management:

- Efficiently manage multiple projects and meet strict deadlines without compromising quality.
- Track record of delivering projects on time and effectively prioritizing tasks to maximize productivity.

## PROJECTS

### Quizz Website

Designed and developed a quiz website using HTML, CSS, and React.js, offering an intuitive user interface and interactive quiz experience.

### Expense Handler

The Expense Handler is a React.js project that enables users to manage their expenses effectively. With this application, users can easily track and record their spending, allowing them to gain insights into their financial habits and make informed budgeting decisions.
